To that end and in a bid to keep our clients and staff safe, KTA Advocates effective 24 th March, 2020 has implemented safeguards to wit;

Our offices remain open for the time being until directed otherwise by the Ministry of Health and all our contact persons are available to serve you as needed.

Our staff shall work in weekly shifts with a relationship manager allocated to each client.

We are also limiting face-to-face meetings and rescheduling all pre-planned meetings to a later date which will be communicated as we monitor the situation at the moment.

We encourage all our clients to make use of telephone calls, social media, video call platforms and emails so as to minimize contact.

In the event that a face-to-face meeting is unavoidable, all said meetings will adhere to Ministry of Health directives with precautions such as sitting a minimum of 4 meters apart and with a maximum of 3 individuals per sitting.

Please note that in all of the above, KTA remains committed to serving you whilst ensuring your safety and that of our staff remains uncompromised.

In case of any queries or need for clarification, do not hesitate to contact your relationship manager or any of the Partners.
