IMPACTING LIVES: KTA ADVOCATES' TREE PLANTING CSR AT KOLOLO SSS

In a poignant collaboration with My Tree Initiative, 1MTN, and Space for Giants, KTA Advocates embarked on an inspiring Corporate Social Responsibility (CSR) venture on Friday, 22nd September 2023, at Kololo Senior Secondary School. The event, a Tree Planting activity, was not just about planting trees but also sowing seeds of appreciation, inspiration and environmental consciousness.

PLANTING TREES FOR A GREENER FUTURE

KTA Advocates' dedicated staff members took part in the Tree Planting activity, each tree symbolically dedicated to their valued clients. This initiative aligns with KTA's commitment to environmental sustainability and community engagement by offering innovative services that nurture relationships and impact lives. The trees planted primarily comprised fruit tree species, contributing to both the environment and student community.

A MESSAGE OF INSPIRATION

Before the tree planting commenced, Counsel Asmahaney Saad, the Managing Partner of KTA Advocates, shared a heartfelt message with the enthusiastic school students. She encouraged them to pursue their dreams with unwavering determination, emphasizing the importance of listening to their teachers and parents as they navigate their educational journey. Counsel Saad also stressed the significance of environmental responsibility and urged the students to avoid activities harmful to the environment, such as plastic pollution.

DISTINGUISHED PARTNERS IN ATTENDANCE

The event witnessed the presence of distinguished partners from KTA Advocates.

Counsel Kenneth Muhangi, who heads the Tech, Media, Telecommunications, and IP practice, and Counsel Justus Karuhanga, a senior partner at the firm, were among the notable figures who graced the occasion. Counsel Edwin Tabaro, who heads the Dispute Resolution practice at KTA, also joined in this meaningful CSR initiative.

AIMING HIGH: KTA CSR 2023 AND BEYOND

KTA Advocates’ CSR initiative aspires to make a significant impact. Their goal is to plant a total of 1,000 trees by the end of 2024, contributing to the global Sustainable Development Goal (SDG) aspiration on climate action. This commitment exemplifies KTA Advocates’ dedication to fostering a sustainable future for all.

A GLIMPSE INTO KOLOLO SSS

During the visit, the KTA Partners engaged in a thoughtful conversation with the school’s top management. The Head Teacher warmly welcomed them and provided insights into the school’s history and mission. They discussed some of the school’s pressing needs, laying the groundwork for potential future collaborations.

Stay tuned for more updates on KTA Advocates’ CSR journey as they continue to make a positive difference in the community and the environment.
